Breeze M	140	249	75	6,0 - 10,0	46	PB	7,8

Brand-new shapes
Brand-new graphics !

LORCH

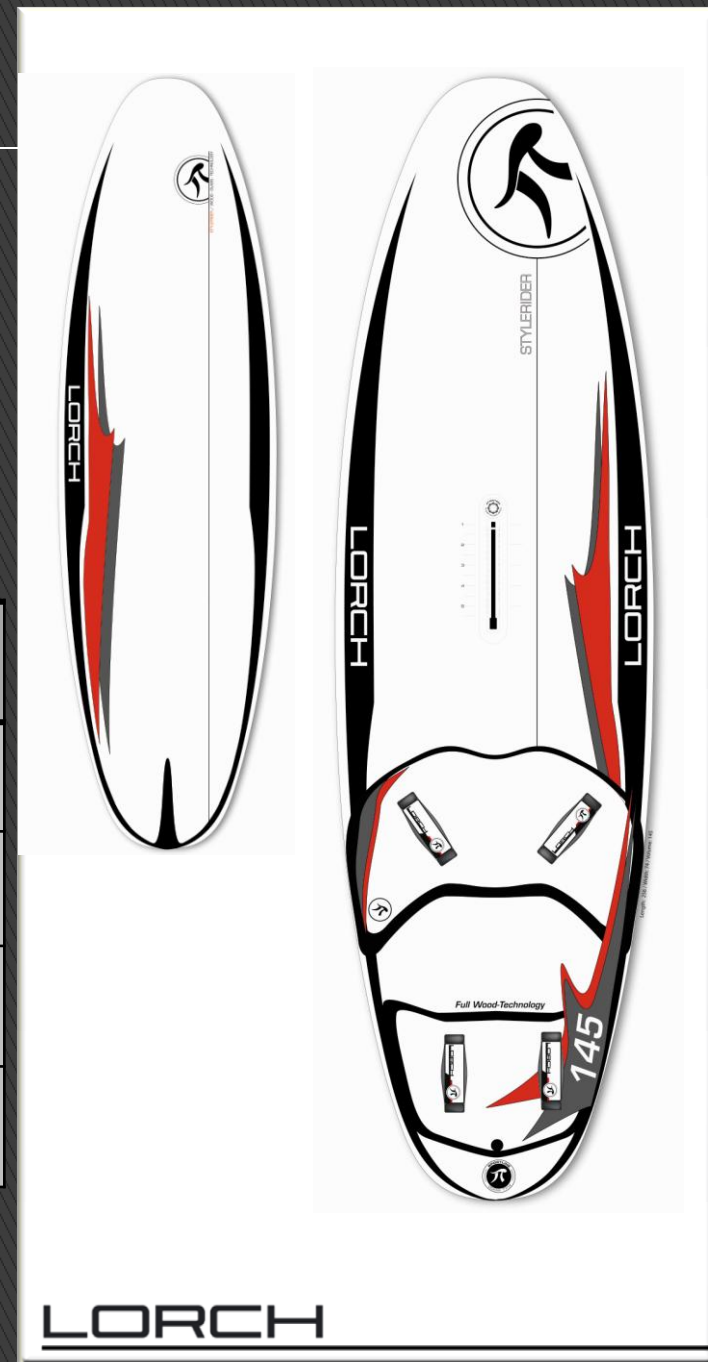

STYLERIDER - Freeride

Windsurfing has never been easier and more fun ! The new STYLERIDERS provide comfort and stability for fun riders. A robust technology and the partly applied soft EVA cushioned deck guarantee for a long durability. Based on the shapes of the Glider and Breeze Line these boards have a top performance even for engaged riders !

- balanced outlines for pure fun
- built to resist even hardest conditions
- partly soft EVA deck for a supersoft feeling
- multiple footstrap positions for first timers, intermediates and advanced riders

board	volume (l)	length (cm)	width (cm)	sailrange (sqm)	fin (cm)	fin box	weight (kg) +- 6%
Stylerider 115	115	248	64	5,7 - 7,8	34	Pb	7,8
Stylerider 125	125	248	65	4,5 - 7,8	36	Pb	8,5
Stylerider 130	130	254	69	5,0 - 8,5	42	Pb	8,9
Stylerider 145	145	256	73	6,0 - 9,0	46	Pb	9,9

TOP SELLER
for hobby
riders !

BIRD – Light Wind

These boards are among the earliest planning boards in the world. But this is not the sole advantage of this board line. You will not feel like on other early planning boards, which are constructed similar like FORMULA boards. Quite in the contrary you will feel like riding a freeride board with all its exceptional advantages like good jibing, easy controlling etc.. The BIRD line was **“THE TOPSELLER”** in 2011 !

- super light full carbon construction !
- special shape for light wind conditions
- extremely early planning and easy to control
- flat scoop rocker line
- multi- concave bottom shape for better passive planning

Board	volume (l)	length (cm)	width (cm)	sailrange (sqm)	fin (cm)	fin box	weight (kg) +6%
Bird 149	149	259	74	6,0 - 10,0	48	PB	8
Bird 164	164	267	79,5	6,0 - 11,0	50	TB	8,6
Bird 179	179	268	88	6,5 - 12,5	54	TB	9,1

LORCH

ACADEMY –

Freeride and Light Wind

Windsurfing has never been easier and more fun. The Academy boards provide comfort and stability for beginners and advanced riders. A very robust technology and the soft EVA cushioned deck guarantee for a long durability, also in unpracticed hands and on stony beaches. The movable center box fin avoids drifting and ensures the return to the beach. The Academy perfectly suits even to the needs of schools.

- all models with movable center box fin
- balanced outline
- new art designs
- built to resist even hardest conditions
- partly soft EVA deck to avoid injuries
- multiple footstrap positions for first timers, intermediates and advanced riders

board	volume (l)	length (cm)	width (cm)	sailrange (sqm)	fin (cm)	fin box	weight (kg) +-6%
Academy 165	165	267	80	4,5 - 10,0	movable center box fin	PB	12,6
Academy 185	185	268	88	4,5 - 11,0	movable center box fin	TB	13,7
Academy 200	200	260	100	4,0 - 11,0	movable center box fin	PB	14,9
